GETTING STARTED WITH LIFE INSURANCE

Protective refers to Protective Life Insurance Company.
For Financial Professional Use Only. Not for Use With Consumers.

Prepared for:

Standing out in today's marketplace is a challenge, don't go at it alone.

We offer the right solutions and support needed to differentiate and grow your business. Our portfolio of life insurance solutions, our Protective Velocity digital capabilities, and our dedicated sales support will help you strengthen customer relationships, serve their needs in meaningful ways and ultimately take your business to the next level.

Getting started

Entering uncharted territory can feel intimidating, but we've got you covered. We make it easy to build confidence and get up and running with our life insurance solutions. Use this guide to learn about appointments and contracting, our product portfolio and digital capabilities, and how to conduct business while leveraging our dedicated sales support.

Appointments and contracting

There is no need to verify if you are pre-contracted before submitting* business with Protective. We have a Just-in-Time (JIT) method to appoint agents. Your appointment will be processed when you submit your first life insurance application.

If contracting is needed your Protective team will add an agent licensing requirement to the file. We will follow up with the AFS team to start the contracting process.

* Pennsylvania requires pre-appointment. Contact Protective's Licensing Team to determine your contract and appointment status before submitting an electronic application in PA.

Exclusive Allstate website

Our exclusive Allstate website provides key resources and tools you'll need to do business with us and begin using our life insurance solutions to grow your business.

Accelerate your life insurance sales

We understand the life insurance sales process can seem complicated and time consuming. But we make it easy to streamline your business with **Protective Velocity**.

When you submit applications electronically with Protective Velocity, you can streamline production and deliver policies to your customers — with speed and ease.

Use these Protective Velocity solutions to streamline your business

Electronic application offers immediate retrieval and processing upon submission of applications on a drop-ticket platform.

Digital Part II

When submitting an electronic application, you can opt-in for customers to complete the Part II medical questions online.

Telephone interview

Medical interviews not completed online are conducted by Protective representatives — initiating customer contact within 24 hours. Customers can schedule telephone interviews at their convenience and our team takes care of the rest, scheduling exams, ordering medical records, if needed, and obtaining customers' voice or electronic signature.

Accelerated Underwriting

Protective Life Underwriting Solution (PLUS) is designed to underwrite applicants with the least number of requirements possible. Please note that using the process means that fluids and attending physician statements may not be required.

Pending business dashboard

Our pending business dashboard can help you manage your business with ease by consolidating your submitted cases and providing you with real-time status updates and next steps.

Electronic policy delivery

With this option, you can review, approve and deliver policies to customers electronically through our secure website; speed up the delivery process by signing up for direct-to-consumer EPD; track delivery status; and view and download completed policies and delivery requirements.

Application Submission Process

At Protective, we strive to simplify the life insurance application process to help you create a more ideal experience for your customers. Here's a quick overview of the typical process:

1. Application submission:

Online options available.

2. Digital Part II:

When submitting electronic applications, we can send customers an email link to register to complete the Part II medical questions online. Once they have registered, customers answer Part II medical questions, review and e-sign their application online once they complete all required information.

3. Exam:

If an exam is required, the customer will receive a phone call from an Exam Vendor to schedule their appointment. Once the examination is completed, the examiner will send any applicable paperwork to our home office. To obtain copies of the APS and paramedical exam, log into the Pending Business dashboard on our secure site.

4. Underwriting:

Review will begin when the application is received for fully underwritten applications. Additional requirements will be ordered as needed. We offer a number of unique underwriting strategies and programs designed to make doing business with us easier and more user-friendly. Log in to the secure site to learn more about our guidelines and requirements.

5. Policy Issue:

Once approved, electronic copies are released to financial professionals, as long as the Electronic Policy Delivery option was selected for online submissions. Printed policies are mailed to the financial professional via the UPS second day air delivery service.
