Manage your account online any time, from anywhere. You can view performance, manage sub-account selection and benefit elections, view documents, update contact information and beneficiaries and more.

### **Dollar cost averaging (DCA)**

Ease into the market and manage timing risk by adding new money to a DCA account. ### **Portfolio rebalancing**

The sub-accounts you select are automatically rebalanced (quarterly, semi-annually or annually) to maintain your chosen variable account value allocation among the subaccounts.

### **Tax-free trading**

Fund-to-fund transfers and portfolio rebalancing are tax-free.

### **Automatic withdrawal plan**

A level dollar amount is automatically withdrawn from your contract (monthly or quarterly) before the annuity date.

We will waive any applicable surrender charge if, at any time after the first contract year, you enter a nursing home for 90 days or are diagnosed with a terminal illness.
